Action queue

- ✓ 6 admissions waiting for approval
- ✓ 9 renewals due this week
- ✓ 3 payment references to verify

Sales message: “Software sirf records nahi rakhta” ye gym ki daily operations, collections aur member experience system me run karta hai.

Enquiry nahiâ€”admission se renewal tak complete journey

Digital admission

- ✓ Public, company-branded admission page
- ✓ Plan selection and real-time quote
- ✓ Contact, emergency and body profile fields
- ✓ Terms acceptance and approval workflow

Smart membership rules

- First payment:** admission fee + selected membership plan.
- Renewal:** plan fee only, avoiding repeated admission charges.
- Access:** only approved, paid, active and non-expired members qualify.
- Expiry:** renewal amount and due status stay visible to owner and member.

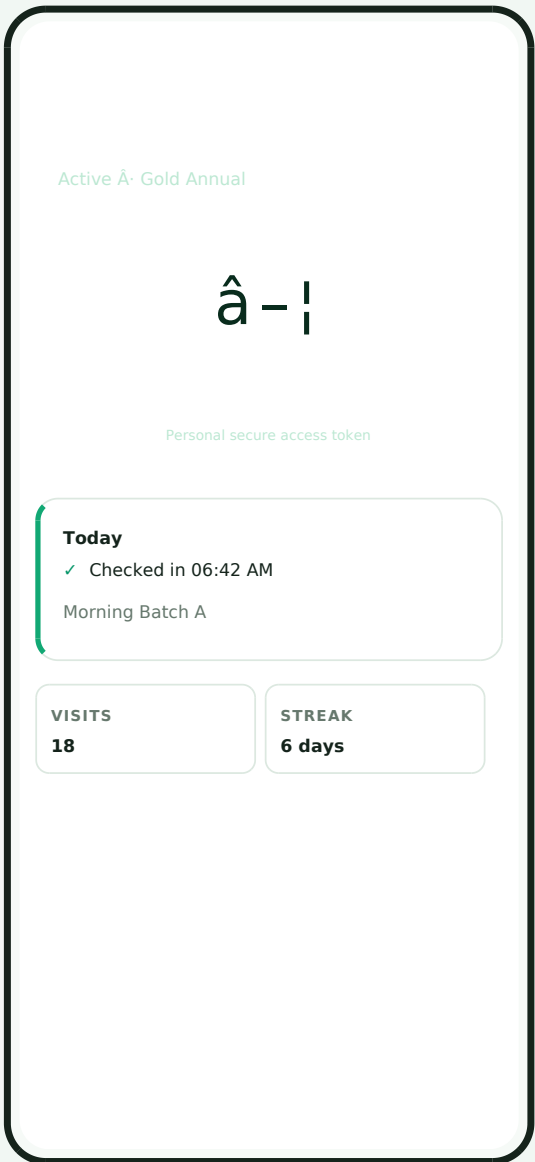

Member master record

- ✓ Unique member code and username
- ✓ Plan, trainer, batch and validity dates
- ✓ Fee, payment, due and receipt history
- ✓ Attendance and access history
- ✓ Health profile and wellness status

Owner control

- ✓ Approve or reject new admission
- ✓ Activate, suspend or update member
- ✓ Assign trainer and batch
- ✓ Apply controlled discount with reason
- ✓ Generate invoice/receipt trail

Personal QR se smart gate takâ€”secure entry control

Personal QR attendance

Reception ka FitNexa Pro scanner member ke personal pass ko scan karke access deta hai. Common wall QR ke badle member-specific identity use hoti hai.

Optional fingerprint controller

Compatible sensor/door relay ke saath consent-backed fingerprint access control system par hai; fingerprint template hardware par rehta hai; platform tenant-bound hai aur member-specific identity store karta hai.

Automatic gate decision

- ✓ Paid + approved + active + valid = allow
- ✓ Expired, unpaid, suspended or wrong company = deny
- ✓ Every allow/deny attempt ka audit log
- ✓ Device ID, reason and timestamp captured

Live floor visibility

Inside now, exited today, visits, batch capacity, check-in/out time, duration, auto-checkoutâ€”live control screen par.

Business value: proxy attendance kam, unauthorised entry control, reception workload kam aur peak-hour capacity control visible.

Har rupee ka clear recordâ€”request se receipt tak

Flexible collection modes

- ✓ Razorpay online checkout
- ✓ UPI intent and payment QR
- ✓ UTR/reference submission and verification
- ✓ Cash, card and bank transfer entry
- ✓ Custom payment requests

Dues ledger

Membership, admission ya custom charge create karein. Gross amount, approved discount, paid amount aur live balance clearly track hota hai.

Data ko action me badalne wala intelligent layer

AIRA wellness coach

Optional member body profile se BMI, fitness score, estimated calories, protein, water aur goal-based general wellness suggestions.

Wellness guidance medical diagnosis ya treatment nahi hai.

Next-day plan

Tomorrow workout focus, diet direction aur coach note member app par easily understandable format me.

Hindi voice experience

Supported native builds me voice input aur spoken coach responses, local audience ke liye familiar interaction.

Private Owner Copilot

Owner live company data par natural-language questions pooch sakta hai.

- ✓ "Aals week kitni renewals due hain?"
- ✓ "Aaj morning batch me kitne members aaye?"
- ✓ "Outstanding dues wale top members dikhao."
- ✓ "Aals month revenue aur expense compare karo."
- ✓ "Kaunse members ko follow-up chahiye?"

Safety handoff

Urgent member concern ya unsafe context owner/admin dashboard par ke roop me surface kiya ja sakta hai.

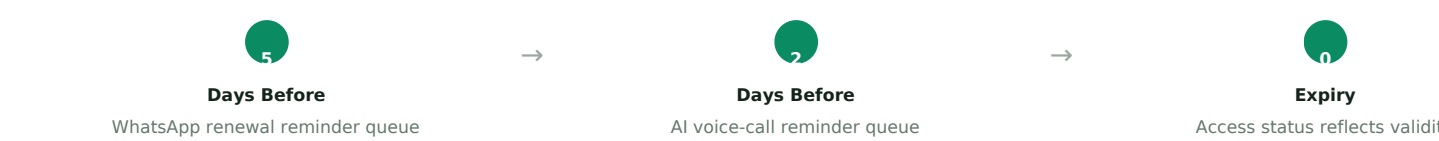

Privacy-aware context

Owner copilot company-isolated operational data par kaam karta hai. Member coach flow unnecessary address/profile image ko AI context se exclude karta hai.

Retention advantage

Personal guidance + timely renewal reminders + visible progress = member ko app kholne ka reason aur gym se connected rehne ka better experience.

Follow-up system par chale, staff ki yaad par nahi

Lifecycle messages

- ✓ Welcome and login information
- ✓ Admission approval notification
- ✓ Payment success / failure
- ✓ Renewal due reminder
- ✓ Receipt/invoice delivery

Configurable integrations

- ✓ Company SMTP settings
- ✓ Approved WhatsApp provider/sender
- ✓ Twilio-based voice calling
- ✓ Background scheduler and queues
- ✓ Communication readiness tests

Email campaign center

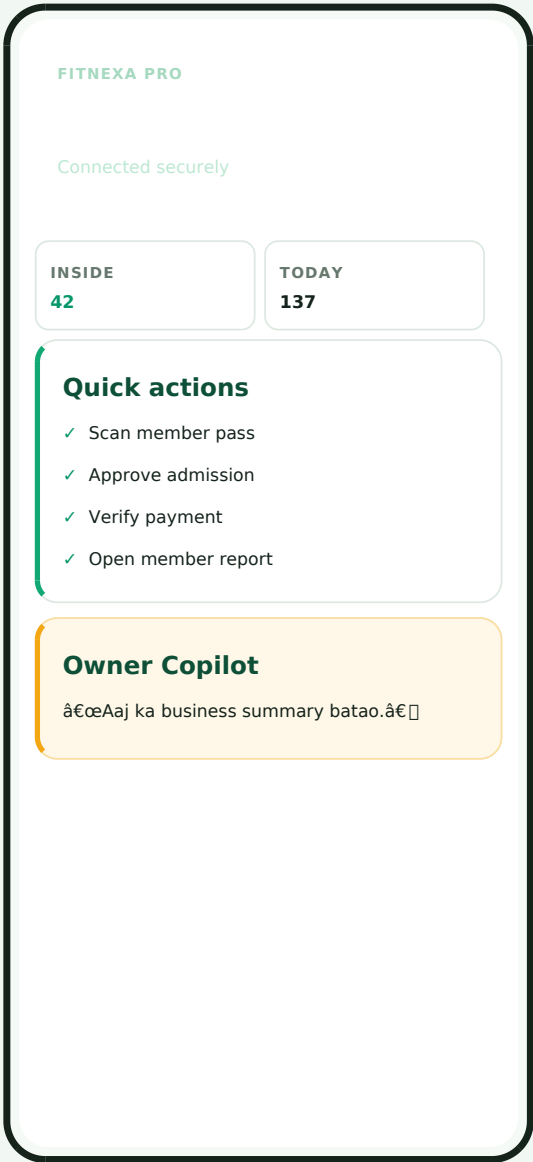

Targeted member campaigns queue, process aur recipient status ke saath; gym announcements aur engagement outreach ke liye.

Production note

WhatsApp template approval, provider credentials, SMTP, Twilio caller ID, scheduler configuration deployment package ka part honge. Third-party charges provider ke according apply ho sakte hain.

Business value: missed renewals kam karne, collections improve karne aur consistent member communication maintain karne me madad.

Coach Note

Consistency strong hai. Aaj hydration aur recovery par focus rakhein.

Member ko baar-baar UUID ya API key enter nahi karni padti—company scan aur secure saved binding experience k rakhti hai.

Har gym ka data alag. Har action accountable.

Company-wise isolation

Members, plans, payments, attendance, devices, reports aur app sessions selected company context se bound rehte hain.

Secure mobile binding

Admin secrets public download QR me expose nahi hote. Owner credentials encrypted device storage aur revocable sessions ke through managed hote hain.

Audit trail

Gate allow/deny, payment corrections, verifications aur device operations accountability ke liye recorded.

Payment integrity

- ✓ Gateway signature verification
- ✓ Webhook fallback
- ✓ UTR verification workflow
- ✓ Correction reason and before/after values

Biometric minimisation

- ✓ Consent-backed enrollment
- ✓ Raw template stays on sensor hardware
- ✓ Tenant-bound hashed external slot ID
- ✓ Credential revoke and device disable

Operational safeguards

Expiry, unpaid status, suspension, wrong-company identity aur invalid gate decision me automatically deny reasons ban sakte hain.

Sale point: convenience ke saath control

Digital transformation tabhi valuable hai jab speed ke saath isolation, permissions, auditability aur recovery controls bhi built in hon.
